### 4.4 MAINTENANCE OF CAMPUS INFRASTRUCTURE

#### 4.4.2 Systems and Procedures for Maintenance of Physical and Academic Support Facilities

As our institution is a Government HEI, we receive funds from the State and Central Government (RUSA) and the University Grants Commission (UGC) for maintenance of physical and academic facilities. The College also utilizes the Controller of Examinations' funds for maintenance.

- The renovation and maintenance of both Civil and Electrical works of physical facilities are maintained by the Public Works Department of the State Government.
- The laboratory and office equipments are properly maintained by making entries in Stock and Accession Registers. Annual Verification of Stock is done every year by faculty members of other departments assigned by the Principal.
- The maintenance activities of the funds of the Controller of Examinations and the University Grants Commission (UGC) are audited by Certified Chartered Accountants and the Utilization Certificates are submitted to competent authorities.
