CRITERION VI – GOVERNANCE, LEADERSHIP, MANAGEMENT

6.2 STRATEGY DEVELOPMENT AND DEPLOYMENT

6.2.1 Perspective Plan and Institutional Bodies

6.2.1.6 Perspective Plan

Short Term Plan:

- Access to online learning resources should be improved as well as the use of e-content.
- Encourage all Departments to sign MoU with institutions and industries and conduct more academic activities with the tie-up institutions.
- Using virtual laboratory to learn scientific and technology innovations.
- To begin more supplemental and enrichment classes as well as skill-building programs.
- To encourage extracurricular and co-curricular activities for the growth of mental and personality traits.
- Provide seed money to Science departments to encourage research activities.
- Create a research forum in each department so that students can interact with other students and professionals.

Long Term Plan:

- Build more infrastructure and research laboratories to boost up research and development.
- To augment the Instrumentation facilities and improve research facilities by receiving DST-CURIE project.
- To make the campus clean and green, consider conducting frequent green audits.
- Improve Smart Classroom facilities.
- To strengthen Alumni by organizing frequent Alumni meets.
