CRITERION VII – INSTITUTIONAL VALUES AND BEST PRACTICES

7.1 INSTITUTIONAL VALUES AND SOCIAL RESPONSIBILITIES

7.1.5 Green Campus Initiatives – Policy Document

Green Campus Initiatives play a crucial role in promoting environmental sustainability and preparing students to become responsible global citizens committed to protecting the planet for future generations. As the first step towards this initiative, use of plastics has been banned inside the campus. Plastic pollution has become the world's biggest hazard now-a-days. Hence the college has developed policy on plastic-ban. In continuation of the policy, the College has started the mission on use of yellow cloth bags as a substitute for plastic bags, called “Meendum Manjappai”.

The next step towards the Green Campus Initiative led to the policy of planting saplings every year inside the Campus. The NSS units of the College organize Tree Plantation Campaign both inside and outside the College. The students of Botany Department maintain a Herbal Garden in the College.
