CRITERION III – RESEARCH INNOVATIONS AND EXTENSION

3.1. PROMOTION OF RESEARCH AND FACILITIES

3.1.1.1 Research Promotion Policy

Kalaighnar Karunanidhi Government Arts College for Women(Autonomous), Pudukkottai, is a research-focused institution that keeps up with the latest developments in literature, arts, science, and social issues. Our College inspires faculty members and Research Scholars to obtain high-caliber research publications and projects from government organizations. Additionally, it encourages contributions to advancements that are inclusive of all. Our pupils' young minds are stimulated by Our College to develop the skills they need to do research. This reveals their true abilities to work on M.Phil and Ph.D. research projects of the highest caliber and clear application. Thus, the College has a well defined Research policy for doing research at elevated levels.

- (i) The execution of learning and teaching that is focused on research.
- (ii) Realizing the college's vision and mission by finding academic, practical, and socially relevant thrust research topics that contribute to national development and social obligations.
- (iii) Encouraging faculty and students to do long term quality research.
- (iv) Present the research findings to the Society.
- (v) Encourage faculty members to apply their skills for community development.
- (vi) Motivate faculty members to present their research findings in International Conferences and also to publish their findings in the reputed international Journals.
- (vii) Encourage academic staff and students to apply for national and international funding agencies to conduct research.
- (viii) Motivate the academic staff every year by presenting awards like Senior Research Award, Junior Research Award and Women Researcher Award.

Encourage all departments to plan workshops and conferences at the national and international levels and to publish their peer-reviewed conference papers in reputed international journals.
